

Multi-Channel Software for Paint Dealers

Our Point of Sale software has specific features for Paint/Hardware retailers such as paint formula tracking, contract pricing, special orders and multi-vendor support. These unique pricing and multi-vendor features are used throughout the software in purchasing, receiving, point of sale, inventory control, and reporting. The software was built to work the way Paint/Hardware retailers do.

- Robust CRM/Frequent Shopper Programs
- Import Vendor Databases
- Customized Reporting
- Integrated E-Commerce
- Contract Pricing and Promotions
- Automated Pricing of Coupons
- Simplified 'Special Orders' Workflow
- MSDS Takeaway Sheets
- Automated Purchasing & Employee Management
